Ashamed

Muddle

i feel alone... i feel like i could die
i feel alone... i feel like i could die... tonight
carry on carry on
don't feel ashamed.. don't feel ashamed
i rather it be this way
you're not to blame you're not to blame
don't feel ashamed
i'm getting close...
to the other side
just close the door
i'll leave the past behind me
can you see my pride
it's only one step away from
freedom... freedom...

i feel i can fly anywhere with anyone
don't feel ashamed
i rather it be this way
you're not to blame
don't feel ashamed
don't feel ashamed
i rather it be this way
you're not to blame
don't feel ashamed
i love you baby... so don't you feel ashamed!!
