He Came Down to My Level

Gaither Vocal Band

He came down to my level
When I couldn't get up to His
With a strong arm He lifted me up
To show me what livin' isHe'll come down to your level
If you'll open up the door
He wants to make your life worth livin'
That's what He came down forHe came down to my level
When I couldn't get up to His
With a strong arm He lifted me up
To show me what livin' isHe'll come down to your level
If you'll open up the door
He wants to make your life worth livin'
That's what He came down forIf you're lookin' for contentment
In the things that you can see
You're gonna have some disappointment
So won't you listen to me, please'Cause I know about a Savior
He came down to be a man
And when He left, He sent His Spirit
He made me everything I amHe came down to my level
When I couldn't get up to His
With a strong arm He lifted me up
To show me what livin' isHe'll come down to your level
If you'll open up the door
He wants to make your life worth livin'
That's what He came down forSometimes I make decisions
That later I regret
But the Lord keeps on assuring me
He's not finished with me yetI don't worry about tomorrow
I don't worry about yesterday
I don't worry about this crazy world
'Cause I found a better wayHe came down to my level
When I couldn't get up to His
With a strong arm He lifted me up
To show me what livin' isHe'll come down to your level
If you'll open up the door
He wants to make your life worth livin'
That's what He came down forHe came down to my level
When I couldn't get up to His
With a strong arm He lifted me up

To show me what livin' isHe'll come down to your level
If you'll open up the door
He wants to make your life worth livin'
That's what He came down forHe came down to my level
When I couldn't get up to His
With a strong arm He lifted me up
To show me what livin' isHe'll come down to your level
If you'll open up the door
He wants to make your life worth livin'
That's what He came down forHe wants to make your life worth livin'
That's what He came down for
That's why He came down for
