

So Incredible

B5

So incredible, yeah
So incredible, babyBaby, you're so fly
Got me tryna figure out how I can be your guy
'Cause I saw you from across the room
I'm like, oh my God, she's fineLookin' like all you grown up
Them jeans fit you right, so could I
(If you let me, baby)The way you walk around
Act like you own the town
Knownin' that this my town
Go 'head, girl, put me downBaby, you're just my type
I gotta make you mine
Show you what love feels likeYou're so incredible
Baby girl, I can't explain
I just wanna know your name
Baby, see your face again
You're so incredibleGirl, your body's off the chain
Can't let you get away
Girl, I need you here with me
You're so incredibleBaby, I'm confused
You sayin' that you got a man
But he ain't here with you, not cool
How could he make other plans?
He don't deserve you but it's cool'Cause I'ma be the one to show you
Show you what to do
(If you let me, baby)The way you walk around
Act like you own the town
Knownin' that this my town
Go 'head, girl, put me downBaby, you're just my type
I gotta make you mine
Show you what love feels likeYou're so incredible
Baby girl, I can't explain
I just wanna know your name
Baby, see your face again
You're so incredibleGirl, your body's off the chain
Can't let you get away
Girl, I need you here with me
You're so incredibleGirl there's something 'bout the way
You carry yourself
And I just can't see why

You were here by yourself So, I get so crazy
Girl, I gotta make you mine
Ain't gotta search my whole life
To find someone incredible You're so incredible
Baby girl, I can't explain
I just wanna know your name
Baby, see your face again
You're so incredible Girl, your body's off the chain
Can't let you get away
Girl, I need you here with me
You're so incredible So incredible, girl, I'm calling you
So incredible, everything you do
So incredible, nobody else like you, no
So incredible, so incredible
So incredible, incredible, incredible
