Patience

The Pierces

Maybe you like the chains
Maybe you like the grace
To see this for what it really is
Baby, I need some space
'Cause love I can see your face
So close to mine, close to mine
I need you to just be patient
I need you to just be patient
Love, love, love
Baby, don't take my heart
'Cause it's the only part
That is my own, is my own
Baby, you need my cry
Darlin' just know that I
Sometimes need to be alone
I need you to just be patient
I need you to just be patient
Love, love, love
I need you to just be patient
I need you to just be patient
Love, love, love
