You're Welcome

So They Say

Last chance without a doubt, I'll try to get out
I can't stand the sound of letting you down
I've already done the impossible
I've already said nothing's impossibleSo don't you give up on me now, didn't I just say how?
I was gonna figure this out and, oh yeah
You're welcome, welcome for figuring this out
You're welcome, welcome for figuring this outA bad trip two days long
I woke up with this song in my head
And I can't get it out
So I wrote it down and it kinda sounds
Like what you're listening to nowSo don't you give up on me now, didn't I just say how?
I was gonna figure this out and, oh yeah
You're welcome, welcome for figuring this out
You're welcome, welcome for figuring this out
