

# You're Welcome

## So They Say

Last chance without a doubt, I'll try to get out  
I can't stand the sound of letting you down  
I've already done the impossible  
I've already said nothing's impossible So don't you give up on me now, didn't I just say how?  
I was gonna figure this out and, oh yeah  
You're welcome, welcome for figuring this out  
You're welcome, welcome for figuring this out A bad trip two days long  
I woke up with this song in my head  
And I can't get it out  
So I wrote it down and it kinda sounds  
Like what you're listening to now So don't you give up on me now, didn't I just say how?  
I was gonna figure this out and, oh yeah  
You're welcome, welcome for figuring this out  
You're welcome, welcome for figuring this out
