

# We're On Drugs

## Pitty Sing

When she's not at home  
I walk this world alone  
Until she gets the phone  
Go to sleep in this state  
But as soon as I awake  
The sun reveals her face  
And then it comes when it feels like we're in love  
Just remember we're on drugs  
When I'm walking the streets

I wish we never meet  
I always kiss your feet  
And then the moment it falls  
I'm about to lose it all  
I'm buried in the walls  
Yeah we're on drugs  
And then it comes when it feels like we're in love  
And they've covered us in blood  
Just remember we're on drugs  
We're on drugs
