Black Fuel Domination

Motorjesus

Destination, eyes of Lucifer
Seven circles of hell no moreA new creation of God's termination
Your blood is freezing, the speed of nightRiding, riding, the speed of nightInto damnation
Black fuel domination
I am creation
Black fuel dominationPurgatory, darkness is unbound
Waiting under the hallowed groundThere's no escaping, devil awaitingDescend to the void, screaming insideRiding, riding, the speed at nightInto damnation
Black fuel domination
I am creationBlack fuel domination
The fire in the sky
The ways of the savior
So you're gonna dieRiding, ridingInto damnation
Black fuel domination
I am creation
Black fuel dominationDominate
