

Fitting in with the Misfits

E

Dear Ma

You might find it hard to believe

But I think I've finally found a home

The weather is lovely there's so much to see

And people who know what I know Now I've got friends that do want me

And take me as I am

Now I've got friends that do love me

I'm all right with them

Fitting in with the misfits

Living in the lost and found

And I will never be afraid

For lost dogs don't know where they're bound Dear Ma

I know this is hard for you too

But some things are better off said

I've always found it so hard to adjust I'd rather stay in bed Now I've got friends that do want me

And take me as I am

Now I've got friends that do love me

I'm all right with them

Fitting in with the misfits

Living in the lost and found

And I will never be afraid For lost dogs don't know where they're bound Don't know where they're bound I don't

know where I'm bound Fitting in with the misfits

Living in the lost and found

Fitting in with the misfits

Living in the lost and found
