

At This Moment

Crispian St. Peters

At this moment
Things are fine
Knowing that you
Say you're mine
Oh, how wonderful
This is for me

At this moment
Here I stand
Holding gently
Your sweet hand
Oh, how wonderful

This is for me
But in my heart
Somehow, somehow
Something tells me
You're running away
But what I feel now

Tells for sure
That I will love you
Forever more

At this moment

Here I stand
Watching my girl
Hand in hand

With somebody new
She walks away But I love her still

And I know

I'll always will
