I Honestly Love You

Olivia Newton-John

Maybe I hang around here a little more than I should We both know I got somewhere else to go But I got something to tell you that I never thought I would But I believe you really ought to knowI love you I honestly love youYou don't have to answer I see it in your eyes Maybe it was better left unsaid But this is pure and simple and you must realize That it's coming from my heart and not my headI love you I honestly love youI'm not trying to make you feel uncomfortable I'm not trying to make you anything at all But this feeling doesn't come along everyday And you shouldn't blow the chance when you've got the chance to sayI love you, I love you I honestly love youIf we both were born in another place and time This moment might be ending in a kiss But there you are with yours and here I am with mine So I guess we'll just be leaving it at this I love you I honestly love you I honestly love you
