NOT IN LOVE WITH YOU

D-Side

No matter how, I try to convince myself
Eventually I fall in love with someone else
But I'm content just to live here in a lie
And I know healing only comes through timeHeaven knows it won't help me tonight
Coz I gotta face up to
The fact that IChorus:
I'm not in love with you
When the world stops turning
I'm not in love with you
When the river stops running
When the midnight sky is red
And the daylight never ends
Then baby I'll confess it's true
I'm not in love with you
Tell me how do I pull through
When I'm not in love with youEvery where I turn, everything I do
There's no escape, I'm always reminded of you
No matter how I try, to hold on through the light
The truth keeps coming back
And it's much too storong to fight
Heaven knows it won't help me tonight
GOnna have to face up to the fact that IChorusEvery day I make the light
Feel so brand new
What am I supposed to doChorus
