Situation

Great White

Maybe baby I'm a man without a soul
Or baby maybe just a man out of control
Maybe I'll just close my eyes wait until the dawn
And wake up to another nightmare
I don't want to be here in this
Situation
Lonely once again
I find myself in pain
Situation
I incidentally ask myself
Why can't I straighten this thing out?
Maybe baby I'm doing all I can
Am I the only one that I don't understand?
And maybe when I close my eyes I can find the door
A way for me to get out of this
Situation
Lonely once again
I find myself in pain
Situation

I incidentally ask myself
Why can't I straighten this thing out?
Why can't I keep myself from falling?
Why can't I hear my angels call?
Why can't I find a new direction?
Why can't I keep myself from landing in this situation?
Why can't I keep myself keep myself?
Why can't I keep myself?
Why can't I keep myself from landing in this situation?
Situation
Lonely once again
I find myself in pain
Situation
I incidentally ask myself
Why can't I straighten this thing out?
Why can't I straighten myself out?
Straighten myself out
Situation
Why can't I straighten myself out?

Why can't I straighten myself out?
