

Zoon Logikon

Disaster in the Universe

Well I row on, I mend none
Hope the bottles that I find will feed me some
Set anchors at the closest deep,
if it's down to luck let's get it on
Oh go
'Cause the sound of everyone makes my head ache
How could you care - where I will sleep tonight?
Growing cold - in the setting light
Walking back and forth in time, feeling just enough
Zoon Logikon
(Zoon Logikon)
Oh go
'Cause the sound of everyone makes my head ache
Walking back and forth in time, feeling just enough
Zoon Logikon
