

# Hold You in My Arms

[Ray LaMontagne](#)

When you came to me with your bad dreams and your fears  
It was easy to see that you'd been crying  
Seems like everywhere you turn, catastrophe it reigns  
But who really profits from the dying I could hold you in my arms  
I could hold you forever  
I could hold you in my arms  
I could hold you forever When you kissed my lips with my mouth so full of questions  
It's my worried mind that you quiet  
Place your hands on my face, close my eyes and say  
Love is a poor man's food, don't prophesize I could hold you in my arms  
I could hold you forever  
And I could hold you in my arms  
I could hold you forever So now we see how it is, this fist begets the spear  
Weapons of war, symptoms of madness  
Don't let your eyes refuse to see, don't let your ears refuse to hear  
Or you ain't never going to shake this sense of sadness I could hold you in my arms  
I could hold on forever  
And I could hold you in my arms  
I could hold forever
