

You Are Opening

Cloud Nothings

Sometimes I'll be out of answers when you get them
Sometimes I'll be out of answers when you get them
Sometimes I'll be something colorful and you will sing
Sometimes I'll be something colorful and you will sing I don't care why
I don't care why you are opening

I don't care why

I don't care why you are opening Sometimes I run out of answers when you get them

Sometimes I run out of answers when you see them
Sometimes I'll be something colorful and you will sing
Sometimes I'll be something colorful and you will sing I don't care why
I don't care why you are opening

I don't care why

I don't care why you are opening And opening for me Sometimes I'll be out of answers when you get them

Sometimes I'll be out of answers when you get them
Sometimes I'll be something colorful and you will sing
Sometimes I'll be something colorful and you will sing
