

# Jealous Bone

## The Country Party Band

Somewhere deep down inside of my heart  
Makes me feel things that tear me apart  
Got a jealous bone  
Got a jealous bone  
Ever since you walked into my life  
Can't bear to see you out of my site  
Got a jealous bone  
Got a jealous bone  
And I know I'm gonna run you off  
If I don't learn to let you go  
But oh oh, you make me lose control  
I was born with a jealous bone  
See heads turn when you walk in the room  
I know what they're thinkin' 'cause I'm thinkin' it too  
Got a jealous bone  
Got a jealous bone  
I feel blood pound all through my veins  
Every last part of me is callin' your name  
Got a jealous bone  
Got a jealous bone

And I know I'm gonna run you off  
If I don't learn to let you go  
But oh oh, you make me lose control  
I was born with a jealous one  
Jealous bone  
Jealous bone  
Jealous bone  
Got a jealous bone  
Got to have you baby  
All to myself  
Can't stand the thought of you  
With anyone else  
Got a jealous bone  
Jealous bone  
Jealous bone  
Got a jealous bone  
Jealous bone  
Got a jealous bone

Jealous bone  
Got a jealous bone
