

So In Love

Nicole C. Mullen

Have you ever noticed
When i begin to focus
I reslly wanna show this
in all that i do
it's written in the stars
and shining in the heavens
no weak infatuation
for me will do

Chorus:

I'm so in love with you
I'm so in love with you
I'm so in love with you
Oh yeah, oh yeah, oh yeah

Have you ever noticed
When i begin to focus
I reslly wanna show this
in all that i do
it's written in the stars
and shining in the heavens
no weak infatuation
for me will do
Roses are red
violets are blue
I can't help but smile
when i think of you
