

# Pictures

Sia

You have her pictures  
You have her pictures  
You have her pictures  
Everywhere  
You're covered in stitches  
You're covered in stitches  
You think I can't see them  
But I know they're there  
Take her down from the wall  
I just sell firewall  
You can't keep a frozen  
Doorman at your court  
You can try to move on  
Tripped by stitches come undone  
You lost your big heart  
You lost your big heart  
You lost your big heart  
Beating bare  
She gave you a new start  
She gave you a new start  
But you knew you'd lost her  
To despair  
Take her down from the wall  
I just sell firewall  
You can't keep a frozen  
Doorman at your court  
You can try to move on  
Tripped by stitches come undone  
You skin burns and prickles  
You skin burns and prickles  
You skin burns and prickles  
When she's near  
You try to play it cool  
You try to play it cool  
You try to play it cool  
But you're filled with fear  
Take her down from the wall  
I just sell firewall  
You can't keep a frozen

Doorman at your court  
You can try to move on  
Tripped by stitches come undone  
Take her down from the wall  
Let her go make her yours  
You can't keep a frozen  
Doorman at your court  
You can try to move on  
Tripped by stitches come undone  
You can try to move on  
Tripped by stitches come undone  
You can try to move on  
Tripped by stitches come undone  
You can try to move on  
Or maybe she is the one
