# To Be Able To Love (Jonathan Peters Club Mix)

## Jessica Folker

I wont make a commitment to no
I can't let myself just go
It's not just I want to
My hearts says noI'm sorry but I can't stay
I hope that you forgive me when I say[Chorus:]
Darling I don't have a hope for you right now
Somebody's playing with my mind
But all I'm dreaming of is to be able to loveI can't give you no guarantee
If that's you want from me
I should have know better
But now you seeI'm sorry but I can't stay
I hope that you forgive me when I say[Chorus](But all I'm dreaming of is to be able to love)All I want is to treat you right but I now I can't pretend
It will take just a little longer finding the key to love againDon't have a heart I need some time
It will take just a little longer to be able to love[Chorus (repeat)]Able to love
