

# To Be Able To Love (Jonathan Peters Club Mix)

Jessica Folker

I won't make a commitment to no  
I can't let myself just go  
It's not just I want to  
My heart says no I'm sorry but I can't stay  
I hope that you forgive me when I say [Chorus:]  
Darling I don't have a hope for you right now  
Somebody's playing with my mind  
But all I'm dreaming of is to be able to love I can't give you no guarantee  
If that's you want from me  
I should have known better  
But now you see I'm sorry but I can't stay  
I hope that you forgive me when I say [Chorus] (But all I'm dreaming of is to be able to love) All I want is to treat  
you right but I now I can't pretend  
It will take just a little longer finding the key to love again Don't have a heart I need some time  
It will take just a little longer to be able to love [Chorus (repeat)] Able to love
