Darling
Darling, when did you fall?
When was it over?
Darling, when
When did you fall?
When was it over? You can't see my eyes
They don't see yours
They don't see yours Darling, when did you fall?
When was it over?
Darling, when
When did you fall?
When was it over? Darling, when did you fall?
When was it over?
Darling, when
When did you fall?
When was it over? When was it over? It's the rain that I hear coming
Not a stranger or a ghost
It's the quiet of the storm approaching
That I fear the most
It's the pain that I hear coming
The slightest crystal tear
Drops to the ground in silence
When my love is near
When was it Darling, when did you fall?
When was it over?
Darling, when did you fall?
When was it over?
Darling, when did you fall?
When was it over?
Darling, when
When did you fall?
When was it over?
