

# Heloise

## Frank Black & The Catholics

She's been crying so long  
I hear her starting to pray  
Every once in a while  
Every once in a while  
Hear me oh, God  
I'm still down at the convent  
They sent you far away  
They took your only boy  
You will get used to me  
Welcome to your new joy  
Down here serving the priests  
Heloise, Heloise, Heloise  
They sent you far away  
They took your only boy  
You will get used to me  
Welcome to your new joy  
Down here serving the priests  
Heloise, Heloise, Heloise  
Heloise, Heloise  
Heloise, Heloise  
I hear her starting to pray
