What I'm Thinking About

The Swon Brothers

Those eyes keep talking, across this table
And my mind gets walking, watching the way you go
The band just got started, we could sing along
But the truth is my heart's in the seat of that car halfway homeIf you're thinking bout what I'm thinking bout
We could leave right now, put the tip on the time and go
Keys cross our front porch, knock down our front door
Can't wait anymore, so let me know
If you're thinking about, thinking about
Thinking about what I'm thinking about?You've got a green light, you're up to no good
That dress hugging so tight, it's hard to focus on anything
Or anything but you and me, babyIf you're thinking bout what I'm thinking bout
We could leave right now, put the tip on the time and go
Keys cross our front porch, knock down our front door
Can't wait anymore, so let me know
If you're thinking about, thinking about
Thinking about what I'm thinking about?I think I know what you need
I think you want to get as close as you can get to meIf you're thinking bout what I'm thinking bout
We could leave right now, put the tip on the time and go
Keys cross our front porch, knock down our front door
Can't wait anymore, so let me know
If you're thinking about, thinking about
Thinking about what I'm thinking about?Are you thinking about it?
Are you thinking about, thinking about
Are you thinking about what I'm thinking about
