Road to Babylon

Crazy Lixx

come on
i can't stand the temptation
you got me on the road to babylon
i've been trying to resist you
but now i can't go onmaybe i could run, maybe i could hide
but as i find, your quicksand pulls me down
today took me out of line
baby there's no turning backi can't stop this animal attraction, oh no
you've got me on the road to babylon
scratch and bite but i can't break out
on the way, on the way to babyloncan't deny a
i always thought i had it under control
should i throw away the future
for a night with you?
