Bad Girl

Danity Kane

When the red light comes on, I transform
When the red light comes on, I transform
Look in my eyes covered in Maybelline
Looking like something fresh out of a magazine
I can be part of your deepest fantasies
You?re the detective, come solve my mystery
Some say that love is all that I?m missing
Some call it Jezebel, I call it attention
But what they don?t know they can?t even imagine
Say, I don?t have self esteem but it's my passion
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl, a bad girl
I can be your addiction
If you wanna get hooked on me
I, I can be your addiction
If you wanna get hooked on me
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl, a bad girl
When the red light comes on, I transform
When the red light comes on, I transform
When the red light comes on, I transform
Something about me has got you hypnotized
Examine my body like you?re the science guy
Watching my every move, you anticipate
What you?re thinking about, boy, I can re-create
Some say that love is all that I?m missing
Some call it Jezebel, I call it attention
But what they don?t know they can?t even imagine
Say, I don?t have self esteem but it's my passion
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl, a bad girl
I hope you looking for a B A D C H I C
Looking so sexy, make ?em pay me

She not me, 'cuz there just one me
I?m the M to the I double S E Y
Lights come on I tran-transform
Gimme that, baby come, come on
I could do it all night to the break of dawn
On, on, and on, I keep on going
They call me a Jezebel
?Cause I freaks, I does it well
Got extensions in my hair
Bad girls, is ya?ll up in here
Tonight we gon? just let it do what it do
I can flip this pretty young thing on you
I ain?t looking for attention I just want you
Lemme be your addiction, I can be that too
I can be your addiction
If you wanna get hooked on me
I, I can be your addiction
If you wanna get hooked on me
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl, a bad girl
When the red light comes on, I transform
When the red light comes on, I transform
When the red light comes on, I transform
From a caterpillar to a butterfly
I know I got something that you gonna like
Don?t be afraid, I won?t let you down
I?m the one that'll make you come around
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl, a bad girl
I can be your addiction
If you wanna get hooked on me
I, I can be your addiction
If you wanna get hooked on me
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl
Maybe I?m just a bad girl, a bad girl
When the red light comes on, I transform
When the red light comes on, I transform
When the red light comes on, I transform
