

# Bad Girl

Danity Kane

When the red light comes on, I transform  
When the red light comes on, I transform  
Look in my eyes covered in Maybelline  
Looking like something fresh out of a magazine  
I can be part of your deepest fantasies  
You're the detective, come solve my mystery  
Some say that love is all that I'm missing  
Some call it Jezebel, I call it attention  
But what they don't know they can't even imagine  
Say, I don't have self esteem but it's my passion  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl, a bad girl  
I can be your addiction  
If you wanna get hooked on me  
I, I can be your addiction  
If you wanna get hooked on me  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl, a bad girl  
When the red light comes on, I transform  
When the red light comes on, I transform  
When the red light comes on, I transform  
Something about me has got you hypnotized  
Examine my body like you're the science guy  
Watching my every move, you anticipate  
What you're thinking about, boy, I can re-create  
Some say that love is all that I'm missing  
Some call it Jezebel, I call it attention  
But what they don't know they can't even imagine  
Say, I don't have self esteem but it's my passion  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl  
Maybe I'm just a bad girl, a bad girl  
I hope you looking for a B A D C H I C  
Looking so sexy, make 'em pay me

She not me, 'cuz there just one me  
I?m the M to the I double S E Y  
Lights come on I tran-transform  
Gimme that, baby come, come on  
I could do it all night to the break of dawn  
On, on, and on, I keep on going  
They call me a Jezebel  
?Cause I freaks, I does it well  
Got extensions in my hair  
Bad girls, is ya?ll up in here  
Tonight we gon? just let it do what it do  
I can flip this pretty young thing on you  
I ain?t looking for attention I just want you  
Lemme be your addiction, I can be that too  
I can be your addiction  
If you wanna get hooked on me  
I, I can be your addiction  
If you wanna get hooked on me  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl, a bad girl  
When the red light comes on, I transform  
When the red light comes on, I transform  
When the red light comes on, I transform  
From a caterpillar to a butterfly  
I know I got something that you gonna like  
Don?t be afraid, I won?t let you down  
I?m the one that'll make you come around  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl, a bad girl  
I can be your addiction  
If you wanna get hooked on me  
I, I can be your addiction  
If you wanna get hooked on me  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl  
Maybe I?m just a bad girl, a bad girl  
When the red light comes on, I transform  
When the red light comes on, I transform  
When the red light comes on, I transform
