Promise

Christy Carlson Romano

I promised I know it but I want to make it better yea
I promised I broke it but I want to stay together
Can you deal with that
It gets so confusing I'm right and than I'm wrong
I hurt you and someday you'll call the whole thing off
And I cant deal with that
So tell me how you feelI'm sorry to disappoint you but its just the way I am
I meant it when I said it and you've yet to understand
I tried I will I wont just let it all just slip through my hands
The best I can do is promise youIts awkward the silence but I'm strong enough to take it
Cause the last time we stood here it was you who felt so naked
And we cant go back no we cant go backI'm sorry to disappoint you but its just the way I am
I meant it when I said it and you've yet to understand
I tried I will I wont just let it all just slip through my hands
The best I can do is promise youI've been such a bad girl
I don't know how to behave
Teach me cause I listen
If you show me the way
If you show me the wayI'm sorry to disappoint you but its just the way I am
I meant it when I said it and you've yet to understand
I tried I will I wont just let it all just slip through my hands
The best I can do is promise you
The best I can do is promise you
The best I can do is promise
