In Time (Bill & Ted's Excellent Adventure)

Anand Bhatt

No fear, no loss, no tears,
The time is almost here.
Our dreams will all come true, I promise you,
Cause I can see for miles and miles.
In time well be dancing in the streets all night (all night, all night).
In time, yes, everything will be all right (all right, all right).
Itll take time but were going far,
You and me, yes I know we are.
In time well be dancing in the streets all night.
Oh yeah, oh yeah, oh yeah.
Oh yeah, oh yeah, oh yeah.
In time well be dancing in the streets all night.
All night.One heart, one soul, one mind,
Our eyes will not be blind.
Well see this rain come down without this sound,
We can all, we can all break free.
In time well be dancing in the streets all night (all night, all night).
In time, yes, everything will be all right (all right, all right).
Itll take time but were going far,
You and me, yes I know we are,
In time well be dancing in the streets all night.
Oh yeah, oh yeah, oh yeah.
Oh yeah, oh yeah, oh yeah.
In time . . .In time well be dancing in the streets all night (all night, all night).
In time, yes, everything will be all right (all right, all right).
Itll take time but were going far,
You and me, yes I know we are,
In time well be dancing in the streets all night.
All night, well be dancing,
Well be dancing, well be dancing,
All night . . .
Well be dancing in the streets all night.
Dancing . . .
In time, well be dancing . . . all night.
