Being With You

Smokey Robinson

I don't care what they think about me
And I don't care what they say
I don't care what they think if you're leaving

I'm gonna beg you to stayI don't care if they start to avoid me

I don't care what they do

I don't care about anything else

But being with you, being with youHoney don't go, don't leave this scene

Be out of the picture and off of the screen

Don't let them say, "We told you so"

They tell me you love me and then let me goI've heard the warning voice

From friends and my relations

They tell me all about your heart-break reputationI don't care what they think about me

And I don't care what they say

I don't care what they think if you're leaving

I'm gonna beg you to stayI don't care if they start to avoid me

I don't care what they do

I don't care about anything else

But being with you, being with youPeople can change, they always do

Haven't they noticed the changes in you

Or can it be that like love I am blind

Do I want it so much 'til it's all in my mindOne thing I know for sure

Is really really real

I never felt before

The way you make me feelI don't care what they think about me

And I don't care what they say

I don't care what they think if you're leaving

I'm gonna beg you to stayI don't care if they start to avoid me

I don't care what they do

I don't care about anything else

But being with you, being with you

Being with you, being with youI don't care about anything else

But being with you, being with you

I want to be with you
