

Sacred Words

Suicide Silence

There is a god who hates me
Because I question his plague
This world shouldn't feel so empty
We are stronger than faith We are god
We are god damned
We are god damned loud
We are god
We are god damned
We are god damned proud Faith has become the cliff note to life
A bullet point for the weak
Words on paper are meant for advice
Advice is a seed
It wasn't meant for you it wasn't meant for me All this life I've sat and waited
For your sacred words to come down and save me
I've been led so astray and betrayed that it's hard to stand up
Hard to stand up
All this life I've sat and waited
For your sacred words to come down and save me
I've been led so astray and betrayed that it's hard to stand up
Left on my own Where has our motivation gone
I can describe the result
The path was so easily lost
Sedated by fear and guilt We are strong
We are stronger than
We are stronger than faith
We are strong
We are stronger than
We are stronger than death You always warned us about the end
When it was your own you feared
There is really only nothing left
Except what we have right here
It's not you, it's me [4x]
Me! We are god
We are god damned
We are god damned loud
We are god
We are god damned
We are god damned proud All this life I've sat and waited
For your sacred words to come down and save me

I've been led so astray and betrayed
Astray and betrayed All this life I've sat and waited
For your sacred words to come down and save me
I've been led so astray and betrayed that it's hard to stand up
Hard to stand up
All this life I've sat and waited
For your sacred words to come down and save me
I've been led so astray and betrayed that it's hard to stand up
Left on my own
