

# Ain't Too Cool

## LunchMoney Lewis

Baby why you staring at your cell phone  
Why you got your back against the wall  
What you talking 'bout with all your girlfriends  
Need to get your a\*\* out on the floor

I know you want a baller baby I understand  
Who's wearing all that jewelry and expensive name brands  
But I could show you something that ain't none of them can  
Cuz I, cuz I, cuz I ain't too cool to dance  
Cuz this right here's my jam  
So come baby take my hand  
If you ain't too cool to dance  
If you ain't too cool let's  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, if you ain't too cool to dance

Don't you be afraid to shake your booty  
And don't be too shy to work them hips  
Back it on up and bring it to me  
I know who you wanna go home with

I know you want a baller baby I understand  
Who's wearing all that jewelry and expensive name brands  
But I could show you something that ain't none of them can  
Cuz I, cuz I, cuz I ain't too cool to dance  
Cuz this right here's my jam  
So come baby take my hand  
If you ain't too cool to dance  
If you ain't too cool let's  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, if you ain't too cool to dance

Break it down now, break it down now  
Break it down break it down to the ground now  
Break it down now, break it down now  
Break it down break it down to the ground now

Shake your hips now, shake your hips now  
Shake your hips, make your boyfriend jealous  
Shake your hips now, shake your hips now  
Shake your hips, make your boyfriend jealous

I know you want a baller baby I understand  
Who's wearing all that jewelry and expensive name brands  
But I could show you something that ain't none of them can  
Cuz I, cuz I, cuz I ain't too cool to dance  
Cuz this right here's my jam  
So come baby take my hand  
If you ain't too cool to dance  
If you ain't too cool let's  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, if you ain't too cool to dance

Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, boogie oogie oogie  
Boogie oogie, if you ain't too cool to dance
