C'mon

Blue Rodeo

Remember you told me how the good will fall
Well talk is cheap but I remember it all
You kissed my cheek yeah I admit
It turned my head just a little bitI see your picture now everywhere
Collins Bay down to Reading Square
You say good luck to the people you meet
You never set foot on any of their streetsThat was the day that we rode together
Times like that are now gone forever
C'mon c'mon c'mon c'mon
C'mon down with us
C'mon c'mon c'mon c'mon
C'mon down with usClimbing the ladder and watching your step
Burnt-out vans up to corporate jets
You used my trust yeah that ain't tough
I hung around cause I'm stupid enoughThat was the day that we rode together
Times like that are now gone forever
C'mon c'mon c'mon c'mon
C'mon down with us
C'mon c'mon c'mon c'mon
C'mon down with us
C'mon down down downThat was the day that we rode together
Times like that are now gone forever
C'mon c'mon c'mon c'mon
C'mon down with us
C'mon c'mon c'mon c'mon
C'mon down with usThe bigger they are the farther they crawl
Don't be afraid you never got that tall
You make a big deal about your neighbourhood friends
But it's such a drag just to see you againThat was the day that we got stoned together
Times like that are now gone forever
C'mon c'mon c'mon c'mon
C'mon down with us
