## Daniel Powter

I'm a little used to calling outside your name  
I won't see you tonight so I can keep from going insane  
But I don't know enough, I get some kind of lazy dayI've been fabulous through to find my tattered name  
I'll be stewed tomorrow if I don't leave us both the same  
But I don't know enough, I get some kind of lazy day'Cause it's hard for me to lose in my life I've found  
Only time will tell and I will figure out  
That we can baby, we can do the one night standAnd it's hard for me to lose in my life I've found  
Outside your skin right near the fire  
That we can baby, we can change and feel alrightI'm a little used to wandering outside the rain  
You could leave me tomorrow if it suits you just the same  
But I don't know enough, I need sun when it leaves the day'Cause it's hard for me to lose in my life I've found  
Only time will tell and I will figure out  
That we can baby, we can do the one night standAnd it's hard for me to lose in my life I've found  
Outside your skin right near the fire  
That we can baby, we can change and feel alright'Cause it's hard for me to lose in my life I've found  
Only time will tell and I will figure out  
That we can baby, we can do the one night standAnd it's hard for me to lose in my life I've found  
Outside your skin right near the fire  
That we can baby, we can change and feel alright'Cause it's hard for me to lose in my life I've found  
Only time will tell and I will figure out  
That we can baby, we can do the one night standAnd it's hard for me to lose in my life I've found  
Outside your skin right near the fire  
That we can baby, we can change and feel alright
