

# Great

## Ten Shekel Shirt

I have always wanted to be somebody who is great  
I want to be great To be great in, great in your eyes, is my dream  
To be the one who makes you smile is everything To love my enemies  
To serve others until I become the least, become the least To be great in, great in your eyes, is my dream  
To be the one who makes you smile is everything Greatness in this world  
Is different than greatness in your eyes To be great in, great in your eyes, is my dream  
To be the one who makes you smile is everything To be genuine in my love for others  
And for you is to be great
