Pretty Face

National Lines

Just a side note - I respect this band a lot and love their music hense the reason for me doing this, lyrics may not be 100% accurate :)

==========

Pretty face cool as hell,
she's a 12 outa 10,
got a sparkle in her eye,
she knows how'd dress,
10 dollars it's the date of your life,
she makes you never wanna say goodbye,

She's the girl that you wanted since the day thirteen,
and all the boys saying this girl is some kind of dream,
you found the one for the rest of your life,
but now she's the one you despise-

she's doesn't have what she's sellin'
better get going out the backdoor runnin' with you,
you thought you knew it just wasn't true,
because when the curtains come down,
true colours come out-

daddies little princess never taught wrong from right,
always had her hand out since she was five,
she learned from her mom how to get what she'd like,
so she'd never had to work a day in her life,

(not a 100% sure here)
could she brought a guess outa our minds shes got your money,
she's off with her friends living a dangerous life,
wish you were there but your working 9 to 5,
tryin' to make the payments for the car she drives,

she's doesn't have what she's sellin'
better get going out the backdoor runnin' with you,
you thought you knew it just wasn't true,
because when the curtains come down,
true colours come out

she's doesn't have what she's sellin'
better get going out the backdoor runnin' with you,
you thought you knew it just wasn't true,
because when the curtains come down,
true colours come out

coming in quick with those perfect big blue eyes,
keep down those familiar butterflies,
but you've seen this one before,
and you know it never ends well,

coming in hot with that perf you keep wearing,
never seen a skirt look quite that short,
she's all time high your at an all time low-

she's doesn't have what she's sellin'
better get going out the backdoor runnin' with you,
you thought you knew it just wasn't true,
because when the curtains come down,
true colours come out

she's doesn't have what she's sellin'
better get going out the backdoor runnin' with you,
you thought you knew it just wasn't true,
because when the curtains come down,
true colours come out
