Body Ii Body

Samantha Mumba

Mama said, "Don't you play around town"
But I just can't control myself
Picking up that boy tonight
Ain't gonna put him down 'til it feels all rightPeople stop and stare 'cuz looking is fair
Come on over, baby, let me show you how I care
It's getting hot in here, my biorhythms jumping
Got my circulation pumping, we areBody to body, funk to funky
We know how to rock your party
Body to body, funky to funky
We know how, we know how
We're wreckin' up your partyIt's physical not just spiritual attraction
I hear you coming when I ring the dinner bell
Got my phazer set to stun
Now we're gonna have some funI got my people up inside, baby, wanna ride
Party's fairly jumping but we're gonna have to slide
I need a miracle, turn it up a little higher
The roof is on fire, we areBody to body, funk to funky
We know how to rock your party
Body to body, funky to funky
We know how, we know how
We're wreckin' up your partyBody to body, funk to funky
We know how to rock your party
Body to body, funk to funky
We're coming in your house
We know how we're wreckin' up your partyStruck out another line
Making an all time flowMy mama said
To get things done
You gotta go to school
Ain't gonna have no funMy mama said
You're still too young
You gotta slow it down
Ain't gonna have no funMy mama said
To get things done
You gotta go to school
Ain't gonna have no funMy mama said
You're still too young
You gotta slow it down
Ain't gonna have no fun
No, no'Coz we are

'Coz we are
'Coz we are
