## Fox Stevenson

Are you alright there?  
Just tell me if you need a friend.  
I am there, for you.  
There's trouble behind and better days ahead,  
Don't tell me you don't feel it too. Don't tell me you don't feel it too. I'm sure you're worried now, but you're  
OK.  
Everything's fine you'll see,  
So put on your smile.  
You know you look good when you do,  
And go and be the best that you could be. Are you alright there?  
Just tell me if you need a friend.  
I am there, for you.  
There's trouble behind and better days ahead,  
Don't tell me you don't feel it too.
