All Fired Up

Interpol

I dream of you draped in wires and leaning on the breaks
As I leave you with restless liars and dealers on the take
And I can read you like a gumshoe
Watch this meeting hall sweat and shake
I'll take you on, I'll take you on
I'll take you on, I'll take you all on
I'll take you on, oh, I'll take you on
I'll take you on, I'll take you on
And I will stride you with desire
The fault line, no crutch, no stall
And I can bind you with no ties or leash
And watch you fall
See, I've got this soul, it's all fired up
This soul, I got this soul, it's all fired up
This soul, it's all fired up, it's all fired up
It's all fired up, it's all fired up
I teach you of death's desires reflected in lakes
As I lead you in a fearful file to a precipitous of fate
And I welcome you, I welcome your sweethearts
That bleed and break
I'll take you on, I'll take you on
I'll take you on, I'll take you all on
I'll take you on when your, your will is gone
I'll take you on, I'll take you on
And I will stride you with desire
The fault line, no crutch, no stall
And I can bind you with no ties or lease
Time and watch you fall
See, I've got this soul, it's all fired up
This soul, I've got this soul, it's all fired up
This soul, it's all fired up, it's all fired up
It's all fired up, it's all fired up
You're all mine
You're all mine, you're all mine, you're all mine
You're all mine, you're all mine
