Fall Apart

Icon For Hire

I bet you didnâ€™t think that the more youâ€™d try to kill us,
The more weâ€™d rise up, the more weâ€™d wise up
I bet you got your hands full trying to dilute us
Youâ€™ve hit a brick wall, wonâ€™t weaken out resolve

Weâ€™ve already given away
What youâ€™re trying to take, what youâ€™re trying to take
When youâ€™ve died a thousand deaths, whatâ€™s one more?
We look you in the eyes and we say, and we say

Seize our families, take out homes away
We donâ€™t fall apart, we donâ€™t fall apart

I guess you didnâ€™t think that so many would be willing
To disown their lives, to say their goodbyes
I donâ€™t think you have any idea just what youâ€™re killing
We will walk on, we live on
He is no fool to give what He canâ€™t save
To gain the one thing that nobody can take
Though it might cost us everything
We look you in the eyes and we say

Seize our families, take out homes away
We donâ€™t fall apart, we donâ€™t fall apart
Body after body to the grave
We donâ€™t fall apart, we donâ€™t fall apart

Death without love profits nothing
I must still be alive
I must still be alive

Seize our families, take out homes away
We donâ€™t fall apart, we donâ€™t fall apart
Body after body to the grave
We donâ€™t fall apart, we donâ€™t fall apart

Seize our families, take out homes away
We donâ€™t fall apart, we donâ€™t fall apart
