End Of Time

Pigram Brothers

'End Of Time' The Pigram Brothers
(Key of G,(g,c,d)

(V1) Awaken from your sleep, you weary battler,
years have passed and dreams have gone,
Laws are written for all mankind,
Youv'e got your ways, I've got mine,
but together we can travel,down that narrow line,

(Ch) Lets walk this land, you and I, Black and White, Woman Man,
'til the end of time, 'til the end of time,

(V2) Can you see, the tide is turning, can you feel the pain within,
Let it come until tomorrow, then ease it out and let the sunshine in,

(Ch) Let's walk this land, you and I, Black and White, Woman Man
'til the end of time ,'til the end of time,

(V3) There are no prizes for dealing dirty, take each day as it comes,
and when your ready to work together, take my hand and talk to me,

(Ch) Let's walk this land, you and I, Black and White, Woman Man,
Let's walk this land, you and I, Black and White, Woman Man,
'til the end of time, 'til the end of time, until the end of time
