Two Rivers

Megan Joy

Just when I thought I was in control
Found I care for you more than myself
Trying hard to be the one that you want
But I can't take losing myself
Trying hard to see it through
Don't know how to make you hear me
Don't know how to make you care
Sometimes I just need to know that I'm still hereCause I'm not satisfied scrubbing dirt
On the kitchen floor
And I'm not saying that it's your fault
Just saying I need a little more
And I can't stand it to be this wayGuess I'm just saying
I'm lonely todayMaybe were just like two rivers
On two separate continents
Doing the same things
With different places to goAnd I'm not satisfied scrubbing dirt
On the kitchen floor
And I'm not saying that it's your fault
I'm just saying I need a little more
And I can't stand it to be this wayGuess I'm just saying
Guess I'm just sayingI'm lonely today
