## Samiam

I can't get up because if I do  
I'll just be staring at the floor  
I'll take a long look around me  
And forget what I got up for Breakfast being the only thing that gets me out of bed  
My stomach screams and to the floor I fall  
Gluey eyed I stumble through my room and down the hall  
At least I can scratch my balls Cocoa Crispies calling  
Cocoa Crispies calling  
Cocoa Crispies calling  
My name and crackling in my head I think I'll watch some TV  
Or spin a record instead  
Cheers Love Connection  
Or something like the Dating Game My pipes are getting rusty  
My brain smells more like cheese  
My pipes are getting rusty  
My brain smells more like cheese Cocoa Crispies calling  
Cocoa Crispies calling  
Cocoa Crispies calling  
My name and crackling in my head
