

Tug of War

Dawn Richard

[Verse 1:]

I don't know what's going on now baby
I don't know but it's the right time baby[Bridge:]

I don't know who's gonna win
On top of me but baby I'll be fighting
I don't care if it takes all night yea
Baby I'm gonna be the champion[Chorus:]
Keep it right there when I'm doing this
Telling me give up, we don't want in this
I don't give a fuck now, I'm a be on top now
Show you what I'm here for

Oh we're playing tug of war (we're playin, we're playin, we're playin)
Baby, this love is war (we're playin, we're playin, we're playin)[Verse 2:]

You don't know what's coming to you
You don't know I'll put it on you[Verse 3:]

Beg my motivation,
I see a spot and you left it right open
I don't care if it means you're losing
That's the point, I want you to feel it[Bridge:]

I don't know who's gonna win
On top of me but baby I'll be fighting
I don't care if it takes all night yea
Baby I'm gonna be the champion[Chorus: x2]
Keep it right there when I'm doing this
Telling me give up, we don't want in this
I don't give a fuck now, I'm a be on top now
Show you what I'm here for

Oh we're playing tug of war (we're playin, we're playin, we're playin)
Baby, this love is war (we're playin, we're playin, we're playin)
