Ondine

Lower Dens

I think you'll understand
the way I feel can't be had
You were
Its time to walk away
And leave this behind
Let goI will treat you better
I will treat you better
I will treat you better
I will treat you betterHold on
Hold onYou can hold out
As long as you
You are leaving
You are leavingI will treat you better
I will treat you better
I will treat you better
I will treat you betterHold, Hold on
Hold, my love
