

Send the Rain

William McDowell

I hear the sound of revival
Deep in the hearts of your people
Send it now, we want it now
I hear the sound of revival
Deep in the hearts of your people
Send it now, we need it now

Release your glory, send your glory

We're hungry, we're thirsty for you, we want you
We're patiently waiting for you, we need you
We're hungry, we're thirsty for you, we want you
We're patiently waiting for you, we need you

Lord we will wait for you
Cause all we want is you
Lord we will wait for you
Cause all we want is you
Lord we will wait for you
Cause all we want is you
Lord we will wait for you
Cause all we want is you
Lord we will wait for you
Cause all we want is you
Lord we will wait for you
Cause all we want is you...

That's why we wait for you
Cause nothing else will do

We've been praying, we've been sowing
Now we've crying, heaven send the rain
We've been praying, we've been sowing
Now we've crying, heaven send the rain
send the rain
We've been praying, we've been sowing
Now we've crying, heaven send the rain
send the rain
We've been praying, we've been sowing
Now we've crying, heaven send the rain

send the rain

We're hungry, we're thirsty for you, we want you
We're patiently waiting for you, we need you
