I Hate Today

Godhead

Slowly he settles down
To give them what they want
He tries to keep himself togetherI would slam my head in the ground
Before i tell you this
He turns his head to the floor
As it falls awayI'm a product of your hate
Just the one that you'd create
Is anybody listening to a word I say?
I hate todayYou tought me everything you know
The blame will surely show
I tried to keep it down foreverThe days have taken years
To conquer all my fears
I stand before you now
Sickened and cut downI'm a product of your hate
Just the one that you'd create
Is anybody listening to a word I say?
I hate today
