Driving so slow you won't let me pass. Get outta' my way... AND I'LL GET OFF YOUR ASS!!! I tried to go by but you had to speed up, it's your own fault that you got beat up!!! Cruisin' around with nothing to do, fucking up traffic I can't through!!! Foot on the brake, green means go... Stay to the right if you wanna' drive slow. Driving with precautions, cause your baby's on board... If you're so afraid stay off the road!!! Behin dthe wheel I'm full of disgust... IF YOU'RE OVER 65 TAKE THE BUS!!! Dual air bag seat belts a must, one for the road so I don't go nuts...
