

Strange Ways (Remastered)

Ace of Base

I've got strange ways
But it won't take long my friend
I'm telling you someday baby
I'll be gone I've got strange ways but
It won't take long my friend
I'm telling you someday baby
I'll be back Again I've got no one
But it won't take long my friend
I'm telling you someday baby
I'll be gone (I'm telling you someday I'll be gone) God bless you for being
By my side when I fell through
You could hear me you've got
Internet gateways through my world
God bless you I'm feeling all the Force you're closing in
Take it easy
You dock at my side when
I'm on fire
I've got strange ways Sometimes I lose it (I lose)
Don't know where I'm going (don't know)
But I do hope you follow
All the way God bless you for being
By my side when I fell through
You could hear me
You've got Internet gateways
Through my world
You don't know it
You're turning all this stone into a heart
I can see you
As you're fighting the fire
When I burn
I've got (I'm telling you someday baby
I'll be gone, back)
