## Orgy

You and your misfit friends leaving dirty fucking messages  
You're always right, you're always right  
You're always right, you're always right  
Fuck You say you love me  
That's what your saying  
I think you're crazy  
And the nuts are far behind you I try to tell myself everything will be alright  
I try to wake you up from acting out your stupid dreams  
But don't look devastated now  
There's more to come from this  
Can you hear me? Am I cutting out? Now it's time to say goodbye  
One of us needs to leave this place  
Again you're falling right back down, right back down  
So many reasons why one of us needs to leave this place  
Again you're falling right back down, right back down No I can't change what you say  
Tired of the games you play  
You're dirty words play tricks on me  
And you should feel so ashamed of the way  
Feel so ashamed of decisions that you made There's no control over this  
So why do you try  
Still find my self-esteem in all your dreams  
To get yourself attention  
There's got to be a better way to relay your twisted messages Hate to be the dick to let you know  
This is how we let things go, no one needs this shit  
Never should have stayed around this long  
But I love the pain I feel, like you do  
All day long, I want to know why 'cause it makes no sense to me No I can't change what you say  
Tired of the games you play  
You're dirty words play tricks on me  
And you should feel so ashamed of the way  
Feel so ashamed of decisions that you made  
Right You ask me what is wrong and I'll tell you why  
'Cause I never like the way you treated anyone  
Especially your own kind  
It's so strange sometimes, I wanna, I wanna know why  
Why, why, why, I think there's something that I know No I can't change what you say  
Tired of the games you play  
Your dirty words play tricks on me  
And you should feel so ashamed of the way

Feel so ashamed of decisions that you made  
No I can't change, can't change  
The stupid things you say  
And the fucked up games we play  
And you should feel so ashamed of the way, the way, the way  
Fuck
